A parent must be present for each dancer to take costumes home. If you cannot be present you must have another parent take notes for you. All parents are responsible for their own information. If you miss a meeting you must wait until the following week for costume pick up as we will be placing costumes back into their bins if they are not picked up. GJD's instructors will not be handing out information outside of meetings to parents that were not present. Information will be online as well for reference.

Costume Pick up is mandatory for vital information
