To Avoid Confusion:

Yearly tuition has been divided Evenly into 10 equal payments made September-June. This includes picture week in May, stage rehearsals and recital for the month of June. There is no deduction for vacations or shorter months. There is no increase for months with 5 weeks.

Each day of the week has 35 classes throughout the entirety of the year including 2 free snow days. If there are no snow days classes will have 37 days for the year. The first 2 snow days will not be made up. Additional snow days will be made up during spring break in April.

Please keep this with you to reference back for the entire year.
